Software Engineer

CAREER SUMMARY

A Software Engineer with solid knowledge of all the phases of software development life cycle (SDLC). Experienced working with teams to build end-user friendly and scalable software solutions. I am competent with building secured and scalable restful web services while developing and sharpening my skills to be a full-stack software engineer.

CORE COMPETENCIES

- Java SE, EE
- Python
- JavaScript
- HTML
- CSS
- J-Unit
- Agile Methodology
- N-tier Architecture
- REST API
- SQL
- API Documentation
- Design Thinking
- Effective Communication Skill *- oral and written*

- Spring boot, Hibernate, JPA
- Django
- React JS
- MySQL
- PostgreSQL
- Django Rest Framework
- TDD
- Software Testing
- Version Control – Git/Github
- NoSQL
- Unified Modeling Language
- Problem-Solving Skill

- Spring MVC
- Maven,
- MongoDB
- Docker
- Kubernetes
- CI/CD
- Jenkins
- Mockito
- Git Bash
- OOP
- Design Pattern
- SDLC
- Time Management

TOOLS / IDE

- IntelliJ IDEA
- MySQL Workbench
- MS SQL Server
- RStudio
- Postman
- Jira

- PyCharm
- PostgreSQL pgAdmin
- Argo UML
- MongoDB Compass
- Swagger

- VSCode
- DataGrip
- Draw.io
- Docker
- Slack

SKILLS HIGHLIGHT

• Skilled in utilizing organizational skills to prioritize and plan tasks and activities to manage time.

• Previous experience utilizing teamwork to assist the team work together to achieve the projected goals.

• Skilled in using communication skills to resolve conflicts and problem-solving skills to develop solutions.

• Skilled in communication, problem-solving, adaptability, empathy, self-control, and persuasive speaking.

• Proficient in analytical, interpersonal, decision-making, patience, critical thinking, and attention to detail.

• Planning and coordinating initiatives, tasks, and projects, including assigning roles and creating schedules.

• Expert skills in providing team leadership to 50+ teams to motivate & guide them for development/growth.

• Displayed strong communication, problem-solving, and analytical skills & met project deadlines/schedules

• Capable of utilizing organizational skills to manage multiple projects and teams and assign/delegate tasks.

• Ability to adapt to changing circumstances and implement long-term goals to maintain delivery/deadlines.

PROFESSIONAL EXPERIENCE

Software Engineer - Intern   May 1st 2023 – Till present.

TagAlong Technologies Limited, Abuja

• Assist with designing, developing, and maintaining Java applications using Spring Boot.

• Collaborate with the development team to build and implement new features.

• Help with troubleshooting and debugging issues.

• Participate in code reviews and provide constructive feedback.

• Assist with testing and quality assurance.

• Stay up-to-date with the latest technologies and best practices in Java development.

PROFESSIONAL EXPERIENCE

Software Engineer - *Trainee*   May 2022 – May 2023**.**

Semicolon Africa, Lagos, Nigeria

- Support Software Development Life Cycle (SDLC) implementing Agile (scrum) methodologies.

- Implement client / server and Web applications developed on Java EE, JavaScript, HTML, and React.js.

- Deploy applications on various application servers including Apache Tomcat Servers.

- Collaborate with cross-functional teams to identify and implement solutions to improve software performance and functionality

- Assist in the design and development of new features and functionality

- Troubleshoot and debug software issues.

- Participate in stand-up meetings and contribute to assigned sprint tasks when developing new software

- Learned new technology advertising tools supporting large code base like CI/CD tools, VCS

PROFESSIONAL EXPERIENCE

Transmission Engineer - *Trainee*   November 2016 – October 2017**.**

Survenet Integrated Services Limited

Projects
- Line of site (LOS) survey of Federal Polytechnic Ado, ICT Centre.

- Line of site (LOS) survey of Channels TV Abuja to NTA Abuja.

- Frequency scanning support for Airtel from Kano BTS to Potiskum, Yobe.

- Line of site (LOS) survey of Swan Nigeria Ltd, Jos Plateau.

- Line of site (LOS) survey of StarTimes from NTA Lagos to Ikeja GRA.

- DragonWave radio (IDU) IP configuration and setting (Oasis Christian Centre), Osogbo.
